

For the English version of the PSF-AV, you will have to adapt the text. The right texts for the pictures are:

Picture	Text
1	I just missed the train because of the trouble with your car.
2	This is already the third time that this new watch stands still.
3	Your girlfriend has invited me for tonight.
4	I don't believe a single word of it, you know that damned good.
5	Excuse me, I dialed the wrong number.
6	Your colleague has taken your hat with him and has left his own one.
7	We have an appointment, but I can't have a word with you now.
8	She should already be here at least ten minutes.
9	We might have won if I had not played so stupid.
10	After all, you can see that you can't pass here.
11	That you at this time of all times you can't find your key.
12	It is your aunt. She wants us to wait, so she can wish us "a nice trip."
